

WATERPROOFING
CONCRETE FOR LIFE

ICI-NDC & Radcrete India

Invite you to an Exclusive Webinar on:

High performance concrete waterproofing solutions based on biochemically modified silicates

RADCON[®] FORMULA#7

Saturday July 31st, 2021, 4pm – 6pm (IST)

Please join us for a Technical Session with
Mr Jason Klaas, Director-Radcrete Pacific Pty Ltd. Australia
And
ICI panelists

Dr. S. R. Karade, Head-Advanced Structural Composites & Durability (ASCD) Group,
CSIR-CBRI, Roorkee and

Chairman, BIS Committee: CED-41-Waterproofing and Damp Proofing.

Shri Supradip Das, Vice-president, ICI-North Zone,

Vice- Chairman, BIS Committee: CED 41-Water Proofing and Damp Proofing.

Moderators:

- Er. Rajeev Singhal, Chairman, ICI-NDC and Chief Engineer, CPWD
- Dr. V. V. L. Kanta Rao, Hon. Secretary, ICI-NDC and Sr. Principal Scientist CSIR- CRR I

Key topics:

- Biochemically modified Silicate based solutions for concrete waterproofing
- How the technology is adapted across the globe over past 3 decades
- Why waterproofing will be a more focused subject in Infrastructure segment

**[Register on this link](#) for the free Webinar
Session (Registration Mandatory)**

Event Supported And Endorsed By Radcrete India Network
