

Indian Concrete Institute

ICI ANNUAL AWARDS 2023

In recognition of the exemplary contributions
made to the Concrete & Construction Industry

CALL FOR NOMINATIONS

Last Date for submitting Nominations : 30th June 2023.

About ICI

ICI is a vibrant professional body serving the people from all segments of the Concrete Construction Industry. More than 14,000 registered members from 46 regional Centres spread across the entire length and breadth of the country represent ICI. It connects all the people through its Seminars, Workshops, Conferences, Exhibitions, etc., both at the National and International level. ICI associates with world renowned peer institutes for exchange of information on latest developments in the Concrete Construction Industry. ICI join hands with various Government bodies like State and Central PWDs, CBRI, CRRI, IRC, SERC, etc., in propagating sustainable practices towards achieving Green Environment. ICI, through its members nominated in the various BIS Code Committees, participate in their deliberations. ICI Technical Board brings out valuable technical documents through its Technical Committees, formed by pooling up Experts from different disciplines. These documents are well accepted by the industry as referral documents. Need-based training programmes are conducted for the benefit of Practising Engineers. ICI also embraces students to expose them to the latest developments which enhances their employability.

About ICI Awards

ICI recognizes and rewards all those who contribute to the Concrete and Construction Industry, every year, in the month of September, by presenting ICI Annual awards. Nominations are received at the national level and are scrutinized by Experts Committee constituted for this purpose, as per the stringent criteria framed by ICI. These awards are presented in an august gathering of stalwarts from all segments of the industry. These are the most coveted awards and the response from the Industry is overwhelming.

Scrutiny of Nominations

Eligible nominations received will be scrutinized by the members of the Jury as per the laid down criteria, constituted for this purpose by pooling up subject experts. The jury's decision is final.
